Attachments: 2017.9.2-4 O3 EE_TSD_Final 20180604-small.pdf; 2017 Data Cert letter to EPA.pdf; Request for Ozone Designation Extension to EPA 06.04.18-SIGNED.pdf

The Colorado Department of Public Health and Environment, Air Pollution Control Division, requests an extension of the deadline for the Denver Metro/North Front Range area to attain the 2008 ozone NAAQS. We are submitting an extension request letter with two attachments, an exceptional events demonstration and Colorado's 2017 air quality monitoring data certification. Please contact me or Gordon Pierce if you have any questions.

Apologies if you already received this. Questions arose regarding our transmittal to you.

Best regards,
Chris

Chris Colclasure
Deputy Director
Air Pollution Control Division
